NEW FOR CHRISTMAS

ScanNCut DX

ScanNCut SDX1200 \$799

The world's first electronic cutting machine with a built-in scanner is now whisper quiet and comes with new Blade Sensor technology. Cut card, fabric, self-adhesive vinyl, felt, leather and foam automatically, all without connecting to a computer.

- Scan in hand-drawn or clip art images to make your own designs
- No PC required
- Includes drawing and fabric cutting accessories, valued at \$170
- 1303 built-in designs
- 17 built-in alphabet fonts
- Convert embroidery designs to cut data directly on the machine
- USB port for storing and importing files
- Wireless network ready

NEW!

Auto Blades detect the thickness of your material then adjust blade depth automatically. No guesswork, no more cutting through your mat!

Add the new Roll Feeder (sold separately \$95) for matless loading and longer vinyl cutting (up to 175cm)
